

THE AUSTRALIAN SUPERCROSS CHAMPIONSHIP IS ALL SET TO SHAKE JIMBOOMBA

HERE'S YOUR CHANCE TO BE PART OF THE ACTION!

GET ready Jimboomba ... Australia's richest and most prestigious high-flying two-wheel motorsport championship is set to charge into town on Saturday night, October 17, when the Australian Supercross Championship roars into life.

The 2015 Australian Supercross Championship is a six-round national series being staged in four states through October, November and December, with round two at JimboombaXStadium taking the throttle to the stops as riders compete on a world class man-made track filled with jumps, berms, whoops and rhythm sections.

A capacity field of more than 100 professional and privateer racers from around the country, along with their race team crews, families and friends, will make Jimboomba the epicentre of Australian dirt bike racing for one weekend of the year with a race program that will quite literally shake the ground.

And with an anticipated crowd of up to 10,000 race fans expected to take in all the action, the Australian Supercross Championship will deliver a massive economic boost to Jimboomba and the surrounding Logan shire – in fact Supercross will be the biggest sporting event in the district all year.

There's no question Supercross will put Jimboomba on the Australian motorsport map and event organiser, Scott Bannan, wants Jimboomba businesses and the local community to be part of this spectacular event.

All those Supercross riders, families, friends and race fans will all need accommodation, places to eat and drink,

fuel and local services during their visit, and the best way for Jimboomba businesses to get involved is through sponsorship of the Australian Supercross Championship.

So what does it cost to be a sponsor of Supercross and JimboombaXStadium?

\$1000 Package:

You supply a 3m x 1.2m banner, or supply us your corporate logo and we will have a banner produced for you (at cost: \$300 each), which we will mount on the new inner track fence at BOTH the 2015 Australian Supercross Championship event on October 17 AND at the next XStadium event on February 28, 2016, AND which you can keep afterwards; plus we will supply you with four event admission tickets to each event. With 10,000 fans expected for Supercross in October, and 5,000 for XStadium next February, that's huge exposure.

Premium Packages involving event naming rights, extensive track signage, PA announcements, race sponsorship and at-event fan activation activities are also available.

With a proven track record of successfully promoting previous XStadium and Queensland state championship Supercross events at Jimboomba, Scott Bannan and his team are confident the 2015 Australian Supercross Championship will take dirt bike racing in the Logan shire to a whole new level.

To make sure your business is part of all the action, please contact:
